

1. Use Safe Search Engine:

- **Kiddle** - visual search engine for kids, powered by Google, offering safe kids web, image, and video search. Results are checked by editors.

<https://www.kiddle.co/>

- Set it as the default search engine in your child's device

- ## 2. Make a Unique Google Account: It's recommended to make an account and operate the same account on all Devices (yours and your kids): this is a method to monitor your kids' activities from your device. Note that you can use the same account to sign in YouTube.

Age Restriction: 13 Years old. Children under 13 years old will be denied to open an account.
