1. **Use Safe Search Engine:**
   - **Kiddle** - visual search engine for kids, powered by Google, offering safe kids web, image, and video search. Results are checked by editors. [https://www.kiddle.co/](https://www.kiddle.co/)
   - Set it as the default search engine in your child's device

2. **Make a Unique Google Account:** It’s recommended to make an account and operate the same account on all Devices (yours and your kids): this is a method to monitor your kids’ activities from your device. Note that you can use the same account to sign in YouTube.
   **Age Restriction:** 13 Years old. Children under 13 years old will be denied to open an account.
3. **View History:** Checking the Browser History or the YouTube History every while will help you to monitor your kids Internet usage.

**Google Account**
